Welcome to Navy eLearning

If you are using an NMCI PC and upon launching the DoD Information Assurance Awareness VB (DOD-IAA-VB) course are receiving a black screen, or the initial screen is blank but you cannot continue, please try the following to resolve the issue. After making the changes Internet Explorer MUST be completely restarted. Make sure all windows are closed or the change will not take effect.

From the top left hand side of your Internet Explorer Browser, click on "Tools", then "Internet Options". Click on the "Advanced" tab and ensure the following three items are checked:

Under the "Browsing" section:

- 1) "Enable Install On Demand (Internet Explorer)"
- 2) "Enable Install On Demand (Other)"
- 3) "Force offscreen composition even under Terminal Server"

ATTENTION: SkillSoft, NETg and HARVARD BUSINESS COURSES DISCONTINUED

- Skillsoft, NETg and Harvard Business Courses are no longer available on Navy eLearning.
- Enrollments for all related content (i.e., SkillSoft, NETg, Harvard, etc.) have been removed from user accounts.

All of the SkillSoft and NETg courses have been retired and discontinued on Navy eLearning as per NAVFAMFM 134-02. The Harvard Business courses were retired as per the Rel. Content Retirement Announcement CRA-2008-02. It is unclear at this time if any of these courses will be returning to Navy eLearning in the future. If there are any other updates, this information will be posted in this space.

The current Point of Contact is the Naval Education Training Command (NETC) 4721 Program Analyst (C, E, NMCI, NMHS, LAS, and Aviation), tel (307) 322-8789.

If you have not recently taken courses on Navy eLearning from the PC you are currently using:
Please visit the "Browser Configuration" link and follow the appropriate configuration instructions. NOTE: Failure to do so may result in courses not launching or not launching properly. If a course's course program can not be started, the program will not score, courses cannot be manually updated without actual screen captures from within the course showing proof of content completion and passing scores for all assessable items.

If currently Enrolled in courses:
Click the "My Enrollments" link to view the list of courses you are currently enrolled in. NOTE: The use of Internet Explorer is highly recommended. Some courses may work with Mozilla based Firefox Browser. Netscape has ended it's development and support of the Netscape browser. The NETC Enterprise Customer Support Center will be unable to assist with configuring these browsers and will only assist with configuring Internet Explorer.

Description

The Navy Lean Six Sigma White Belt course provides an introduction to a broad range of basic principles, practices, tools and business models that navy personnel can apply to implement efficiencies throughout the Navy. The course covers Theory of Constraints, Lean and Six Sigma to establish greater awareness of the respective concepts. The target audience for this course is all Navy personnel military and civilian.

Objectives

1. Learn the urgency of the need to reduce costs across the entire Navy business enterprise.
2. Gain an understanding that Lean/Six Sigma/Theory of Constraints concepts and principles are a means to achieving these important continuous improvement goals, and how it is a proven method of reducing operating and sustainment costs in use today by leaders in manufacturing and services industries.
3. Learn the definitions of what Lean/Six Sigma/Theory of Constraints is and is not, and be provided with real-life examples of Lean/Six Sigma/Theory of Constraints projects-how the projects were identified and improvements were made using Lean/Six Sigma/Theory of Constraints concepts and tools.
4. Learn how the Department of the Navy is incorporating Lean/Six Sigma/Theory of Constraints into its business processes.
5. Learn how to recognize opportunities for improvement and where they can get assistance with submitting ideas; or learning more about how and where to get further Lean/Six Sigma/Theory of Constraints training to further develop their ideas themselves.
